

Kenny Tran

072-3164760

I am an experienced developer with a passion for creating scalable and maintainable solutions. With over 3 years of experience in full-stack development, I am enthusiastic about building something new and ready to take on new challenges.

Experience

Freelance fullstack developer (2024)

- Developed a modern website for a Spanish company in collaboration with the company's lead graphic designer.

Frontend developer, Telnect (2023)

- Collaborate closely with the product owner and other cross-functional teams to translate product strategy and requirements into suitable, sustainable, and scalable solutions.
- Write high-quality, clean, and testable code.
- Work in cloud environments.

Fullstack developer, Konverta (2022)

- Developed and maintained web applications using TypeScript, React, and Node.js.
- Participated in the migration and maintenance of clients' WordPress websites.
- Collaborated with the production manager to assist with technical challenges.

Webbdeveloper, Provsvaret (2021)

- Worked with the COO to develop a technical specification for a laboratory portal.
- Mentored a junior colleague to help him get started on internal projects.
- Coordinated with relevant parties to integrate various connections between programs.
